Thanks Beth,
Can my inspectors join you if they have the time? I think that your inspection techniques would interest them.

Subject: #6 oil inspections in Maine

Hi Louis,
We are planning to conduct some on-site visits at some of the oil terminals in Maine. You may recall that we are focusing on facilities that store/distribute #6 oil and/or asphalt. We plan to focus the inspection on the oil and/or asphalt and we will have some leak detection equipment with us (including a FID and an IR camera) to get an idea of any large sources of VOC emissions. Here's our proposed schedule which may change slightly depending how fast or slow we move through the site visits. I do plan to notify the facilities before we arrive but I have not done that yet. Please let me know if you want more info.

Beth

Mon. 7/25 - Irving in Searsport, ME
Tue. 7/26 - Sprague in Searsport, ME and in Bucksport, ME Wed. 7/27 - Sprague in South Portland, ME
